

Give, and it will be given to you. — Luke 6:38

### You Have Earned It!

We are very close to the finish line in sending our Tanzania students to college—more giving members adopted the remaining three students, leaving only a small gap of a few hundred dollars to be filled.

We are especially grateful during this difficult time. Due to COVID, so many people are struggling, cutting corners due to pay cuts, job losses, and impacts on their businesses. Others are discovering that they're spending less and saving more—no restaurants, bars, beauty salons, barber shops, movies, concerts, or travel. Fewer people are commuting, and gas prices are lower.

Sharing that extra money to help others will make a very positive impact. People in need in Milwaukee continue to benefit from our outreach efforts including the food you donate every week year round, our health kits for the men at Serenity Inns, and those who will be warm this winter thanks to our request for new coats for All Peoples Church and United Community Center.

You can also make a huge difference with small donations to complete our scholarship drive. Every dollar will help! There is no way they can get a degree without your help.

We hope you will consider contributing what you can. Long time FPLC members Rich and Susan Moore are once again making it possible for Silvian Nnko to continue her studies at Decca College of Health and Science where she's following in Sharon's footsteps. Rich explains why.

*The Tanzania scholarship program provides the donor with an opportunity to make a huge difference in the life of a worthy student for a relatively modest donation. It is reassuring to have a name and a face to personalize our contribution. Sharon and I were blessed with the opportunity to get a college education (with Sharon's degree in medical laboratory science) and this is a great way to pay it forward.*

To each and every one of our 66 sponsors who have already sent 37 young people to college and are making it possible for this year's group, our heartfelt thanks!

With Gratitude,

The Tanzania Outreach Committee and Scholarship team

**Fox Point Church**

*This devotion, written by FPLC member Mary Buscher, was originally sent by email on October 7.*

Hello!

*God has blessed us with another exquisite day!*

*"I lift up my eyes to the mountains-where does my help come from? My help comes from the Lord, the Maker of heaven and earth." – Psalm 121:1-2*

Our 1946 back hallway is a little twisty and used to have one very odd railing, a shortened broomstick attached to the wall with brackets. Ten years ago we had a sturdy one installed to provide support and safety when we needed it and earlier this year I needed it. While using my Shark Navigator, I pulled just a little too hard and the vacuum fell on my

head. I didn't see stars, but boy was I stunned! That railing saved me from falling. I knew it was there and I knew I could depend on it. God's presence is precisely the same; He faithfully provides love, support, balance and safety. I know He's there for me and I know I can always depend on Him.

We have so many railings of support in our lives! They are the sure things; they give us steadiness and make the world safe for us. God gives us so many, we can barely count them! For me, it's my husband, brothers, and sister in law – eyes, ears, sense of smell and touch, and each of you reading this right now and so many more! Our church provides railings of fellowship and worship with pastors to lead and listen and just be there for us. During this pandemic we've all discovered some new railings in the form of many precious helpers. But our Father provides THE railings, the ones that make all of the rest possible – life, love, grace, and forgiveness. Without exception, we each have our own mountains to climb. All we need to do is grab on to the support we require, write God into the equation and let Him be our foundation!

*"Our Lord and our God, you are my mighty rock, my fortress, my protector." – 2 Samuel 22:2*

Let's pray together-

Father, how much we need railings of support in our lives. Help us to never forget that with all of them, you provide the stillness and sanctity that quiets and yet energizes every single facet of our being. When we feel like we can push you away, we pray, don't let us. Keep working in our hearts, forgiving us and revealing the inner strength and courage that helps us to keep reaching out to others in kindness and love. Amen.

Blessings for a wonderful week! – Mary
