

## Service Opportunity!

# Record a Book for All Peoples' Peeps Academy

### Have we got an opportunity for you!!

All Peoples is creating a small bank of read-aloud videos to use with their younger Peeps Academy children. They want to include a 15-minute "guest reader" segment in the online mentoring program. The kids will get to "meet" partners (YOU!) from far and wide! **Deadline: January 1**

For a full description of what Peeps Academy is, take a look at the sign up sheet by clicking here:

### Here are the instructions:

- 1) **Load your video on YouTube or share in iCloud.** If you need help with that part of this, ask your kids, or ask Xavier at All Peoples ([xavier@allpeoplesgathering.org](mailto:xavier@allpeoplesgathering.org))
- 2) **Choose a book.** If you aren't sure about your choice, you can check with Xavier (and he will run it past his amazing educator consultant team). Grade school age, not pre-school. A book that can be read in 15 min.
- 3) **Practice reading and turning the pages.** You can decide if you want to face the camera and hold the book up (we call that "teacher-mode"), or if you want to hold your camera/phone directly over the book and focus on the pictures and words as you read. Remember to record your movie in HORIZONTAL mode so it looks better for watching.
- 4) **HAVE FUN WITH IT!** Begin your movie by introducing yourself, and telling us where you are from. Do the title, author and why you chose the book (if there is a reason). Choose a favorite children's book!  
Share your dramatic talents! Wear a costume or a funny hat or use props! Then read with much drama or voices or whatever is your style.
- 5) **After you upload your video and share the link with [xavier@allpeoplesgathering.org](mailto:xavier@allpeoplesgathering.org).** You can set the upload so it is private or public; you don't need to make it public unless you want to share it beyond our program.
